THE STORY

TWO WORLDS, ONE VOICE

Born in Manchester and raised in Wales, Kerryl grew up between two worlds and found his own voice somewhere in the middle. Country music got under his skin from a young age, and it never let go.

He has been performing for as long as he can remember. At just 16 he shared the stage with The Drifters on their UK tour, an early taste of the rooms he was always meant to play.

Today Kerryl has established himself as one of the UK's standout male voices in modern country rock. His music has earned national recognition, including support from the UK-CMA and Wynne Evans on The Wynne Evans Show, where he was featured as Artist of the Month.

His single "Tattooed" broke into the Top 10 of the UK Country charts on iTunes and has passed 80K streams. With a growing fanbase and cosigns from the likes of Nate Smith, he continues to cement his reputation as one of the country's most exciting new artists.
